I have personally known D. Narasingaraos as a student the Medical College for the last 3 years. He has passed his 2d examination and unfortunately failed in the 3d by a few marks. I consider him to be a very intelligent & well educated industrious and well behaved young man. He is very hard working and conscientious in his duties. He has been under my immediate observation in the General Hospital in the wards of the Assistant Physician in the classes of Hygeine and Medical Jurisprudence in all of which he has maintained the same character of zeal and intelligence. He has now passed his first examination for the L M S degree and I can very strongly recommend him for a scholarship to assist him in completing his studies as I understand he is in need of some

assistance to enable him to finish his Medical career.

Respected Sir

I humbly beg to bring the following few lines to your Kind Consideration.

Being given to understand that the Government of Mysore entertains some sub assistant Surgeons, I beg to offer myself as a Candidate for one of them.

I am a native of Bagenahalli Kolar District After passing the F. A Examination in the year 1887 from the Maharaja's

College, Mysore & while studying for the B.A. Examination in the Central College Bangalore, I secured a state scholarship to prosecute my studies for medicine in the Medical College Madras. After a Course of 5 years I finally secured the L.M. & S degree being the only one for the Mysore Province this year — and also I have obtained a Special Honorary Certificate in Midwifery & Diseases of Women and Children.

I have forwarded an application to Doctor McGann the Senior Surgeon and Sanitary Commissioner to the Government of Mysore

I continued during the whole of my Professional Course as a state scholar - and I request that my claims shall be taken into Consideration when the arrangements are going to be made

To,

The Chief Secretary to the
Government of Mysore
Bangalore

Sir,

I have the honor to request you will be so good as to place the question of the allowances of Assistant and Sub Assistant Surgeons before the Dewan for such orders as he may deem necessary.

2. Take the following case - an Assistant Surgeon who is in charge of a district and is found to be performing his duties so unsatisfactorily that it is considered desirable in the public interests to remove him and he is consequently relieved of his district charge and is sent on the same pay and allowance, to do duty at one of the hospitals at Bangalore or Mysore.

3. He loses nothing in Emoluments

and

and he may, in a social point of view, probably find Bangalore or Mysore a preferable place to live in than the one he left; and as, for obvious reasons, he is not likely to be placed in a position of responsibility at either Bangalore or Mysore, his duties and responsibilities will be comparatively light, and so, on the whole, he is more likely to gain than lose by the change.

4. Now I do not think that is quite as it ought be, and I am of opinion that some ruling would be desirable to meet such a case, whereby an officer under the circumstances referred to should suffer some penalty.

5. Para 8 of the Reorganization Scheme of 1884 may mean, and probably it does, that unless an Assistant or Sub Assistant Surgeon is in independent charge of a station or hospital he is not entitled to the allowance of Rs: 50/- or Rs: 30/- per mensem, as the case may be

6. If this be so, an Assistant Surgeon

under-

under the circumstances referred to would lose his allowance, but it has not been so interpreted up to this, as all Assistant and Sub-Assistant Surgeons draw their allowances from the time they enter the Service, no matter what duties they may be performing, whether on independent charge or not.

7. There is another case viz, that of Assistant and Sub-Assistant Surgeons who draw their allowances whilst doing duty at hospital at Bangalore or Mysore under the Senior or Civil Surgeon, even though they cannot technically be considered as in Medical charge of a station or hospital.

8. The duties of these officers are comparatively light and irresponsible, and there is in a pecuniary sense, no inducement for them to wish to exchange them for charge of a district, where the duties and responsibilities would be heavier.

9. It is far from pleasant to me personally to make any recommendations that would tend to cut the allowances of Medical Officers, but I cannot help thinking that

in

in the interest of the Medical Service, and of the Public as far as they concerned with them, it would be desirable that Government should have ready means available to mark their disapproval or the reverse by stopping allowances in one case, or by promoting others from grade pay to positions which would entitle them to allowances in the other case, and so stimulate these latter to diligent performance of duty and improvement in their professional attainments, instead of having all on a dead level as they now are in respect of these allowances.

10. I enclose herewith copy of a letter to the Secretary to the Surgeon General with the Government of Madras on the subject of allowance to Assistant Surgeons, and of his reply. From the latter it will be seen that under certain circumstances Assistant Surgeons are now entitled to allowances, and I would suggest, that in addition to the circumstances therein referred to Assistant or Sub Assistant Surgeons when merely doing duty at an hospital,

and

and not technically in charge, as would accrue to be meant in para 8 of the Reorganization Scheme, they should draw only the pay of their Grade and no allowances.

11. Those to whom I would propose that the allowances may be given are:- The Chief Assistant to the Senior Surgeon the Assistant or Sub Assistant Surgeon in charge of the Maternity, the Assistant or Sub Assistant attached to the Stores and Acquirms, the Assistant or Sub Assistant in charge of the Vaccine Institute, Bangalore, the Assistant Surgeon in charge of Head Quarter Establishment and the Assistant or Sub Assistant attached to the Imperial Service Corps, the principal Assistant to the Civil Surgeon Mysore which would in the present case mean Mr. T. Annigam, the Assistant or Sub Assistant in charge of H.H. the Maharanees hospital, Mysore, the Assistant Surgeon attached to the Palace and the Assistant Surgeon on special duty viz. Mr. S.V. Ramaswamy Iyengar, the Assistant or Sub Assistant Surgeon to the Civil Surgeon of Kadur, and the Assistant or Sub Assistant

Surgeon

Surgeon at Koppa the Assistant or Sub-Assistant Surgeon to the Civil Surgeon of Shemoga, and the Assistant or Sub Assistant Surgeon in charge of the districts of Kolar Tumkur Hassan and Chitaldroog, in fact to all except those referred in paras 2 and 7.

12. The granting of charge allowance to Hospital Assistants has been attended with good results. Before this happened they in many instances disliked charge of Local Fund Dispensaries and endeavoured, under various pretexts, to get back to district head quarters, but they do not wish for this now, as it would entail loss of the charge allowance, and they are more contended as they are and I have no doubt the same principle should apply to Assistant Surgeons.

Sir,

I have the honor to forward for orders of Government the enclosed application for promotion from 2nd Class Sub Assistant Surgeon Mr. S. K. Hanumantha Row.

Both he and 2nd Class Sub Asst Surgeon Mr. D. V. Kuppuswamy Iyengar completed the qualifying service of two years for promotion as laid down in the Proceedings of Government No. 13660-1/114 of 23rd February 1892, on the dates noted in the margin.

I recommend that 2nd Class Sub Asst Surgeon Mr. D. V. Kuppuswamy Iyengar may be promoted to 1st Class with retrospective effect from the 15th February 1895, as he is a good Officer and has done good work and deserves promotion but I recommend that Mr. S. K. Hanumantha Row's promotion may be postponed for a year from the 16th December 1894 for the reasons given in my letter No 1989 of 6.3.95 and that during that he

he shall not be promoted unless well reported upon by the Head of department.

It would be opposed to the interest and progress in public favour of the Medical department and prejudicial to the public interest generally if a Medical Officer can behave as Mr Hanumantha Row did with impunity and that his prospects of advancement should remain the same whether he performed his duties well or badly and for these reasons I consider it desirable that his promotion may be delayed as above recommended.
